Experience

Visual Media Teacher

Wake County Public School System, NC Aug 2023 – Present

- Taught students to use Adobe Illustrator, Photoshop, InDesign, Blender, and the Unity game engine.
- Designed high quality presentations to accessibly communicate complex technical information while executing county branding.
- Collaborated with coworkers across the county to build libraries of templates and materials that fit county branding.
- Designed and produced advertising material that helped increase enrollment in our career pathways and academies.
- Guided students to achieve industry-standard Adobe Certified Professional certifications at a success rate of 95%.

Production Designer

Hays Tees, Hays, KS Nov 2022 – Aug 2023

- Maintained and repaired large format Roland printers, saving thousands of dollars vs quoted amounts.
- Developed and deployed custom scripts for Adobe Illustrator and Photoshop to accelerate common tasks in our production process.
- Engaged with clients to produce engaging artwork and designs across apparel, signage, and print media.
- Executed these designs, taking them all the way from ideation to production to fulfillment.
- Created new organizational processes that allowed us to reduce wasteful purchases of stock items on repeat clients.

Personal Shopper

Walmart, Hays, KS Mar 2019 – Dec 2021

- Fulfilled and dispensed eCommerce orders with a smile.
- Served as an advocate for customers, increasing average customer satisfaction scores across the store.
- Designed and produced promotional materials for our department to surprise and delight customers.

Usher

United Wireless Arena, Dodge City, KS Feb 2016 – Aug 2019

- Greeted and guided customers, and ensured operational security.
- Processed event entitlements and controlled access to secured areas of the venue.
- Coordinated with coworkers and talent to efficiently set up and tear down events.
